

**CAUSE AND EFFECT
TIMELINE**

NAME:

Use the timeline below to keep track of the important dates in the history of the Treaty Trail.

Chronology: Chronology is the science of locating events in time. A chronology may be either relative -- that is, locating related events relative to each other -- or absolute -- locating these events to specific dates in a Chronological Era. An arrangement of events, with absolute dates, from either earliest to latest or the reverse, is also called a chronology or a timeline.
